

There is not a Marshalling Yard available to the Charlotte Convention Center. However, we have arranged for trucking washing to be available at L & K Semi/Auto Wash & Repair, LLC. They do have overnight parking available for purchase. Please contact them directly to make arrangements.

Freeman will be directing move-in and you should keep in mind your targeted time, located on the Targeted Floor Plan when making wash arrangements. Should you have any questions about your move-in timing, please contact Freeman Exhibitor Support at (888) 508-5054.
